 LeetCode

 Portfolio

OBJECTIVE

B.Tech CSE student and aspiring Full Stack Developer proficient in React, JavaScript, and SQL, with strong DSA skills. Eager to build scalable web applications and contribute effectively to real-world software development projects.

EDUCATION

Indian Institute of Information Technology Vadodara

Sept 2023 - May 2027

B.Tech In Information Technology

CPI: 7.53

Coursework: Database Management System, Data Structure and Algorithm, Software Engineering, Object-Oriented Programming, Design and Analysis of Algorithms, Operating System, Computer Networks.

EXPERIENCE

Xelron AI

May 2026 – Present

Software Development Engineer Intern – AI/Full Stack

Internship, Remote

- Built AI-powered full-stack applications using LLMs, prompt engineering, React.js, Node.js, and Generative AI to automate software-engineering workflows and improve developer productivity.
- Developed tools to analyze GitHub repositories and pull requests, generating repository summaries, acceptance criteria, edge-case analyses, implementation prompts, and technical documentation.
- Designed and validated challenging Terminal-Bench/Project Terminus tasks across Docker, build systems, security, and stateful workflows; created deterministic Oracle/NOP solutions, behavioral tests, and hidden-case coverage to evaluate coding agents fairly and prevent hardcoding or fixture manipulation.
- Applied CI, Docker, static analysis, packaging, and reproducibility checks, then analyzed agent failures and reviewer feedback to improve task specifications, difficulty calibration, solvability, and cross-component correctness.

TECHNICAL SKILLS

- **Programming Languages:** C, C++, JavaScript, SQL
- **Core CS:** Data Structures & Algorithms, Object-Oriented Programming (OOP), Operating Systems, Database Management Systems (DBMS), Computer Networks, Software Engineering
- **Frameworks & Technologies:** React.js, Node.js, Express.js, HTML, CSS, REST APIs, Large Language Models (LLMs), Prompt Engineering, Generative AI
- **Databases:** MongoDB, MySQL
- **Tools:** Git, GitHub, VS Code, Postman, Vite
- **Specialized Areas:** Full-Stack Development, AI Integration, Database Management, Data Structures & Algorithms

PROJECTS

Blood Bank Management System | *MongoDB, Express.js, React.js, Node.js*

- Engineered a MERN-stack blood bank management platform connecting **100+ registered donors, recipients, and hospitals** through secure, role-based authentication and centralized user management.
- Designed RESTful APIs and MongoDB data models for donation scheduling, blood requests, and real-time inventory tracking across **8 blood groups**, enabling efficient donor-hospital-recipient coordination.
- Developed a responsive React interface with validated forms and streamlined workflows for donor eligibility, emergency blood discovery, and request management across desktop and mobile devices.

Personal Finance Tracker | *React.js, Node.js, Express.js, MongoDB, Tailwind CSS*

- Built a full-stack **MERN finance tracker** with JWT authentication, protected routes, and secure user-specific financial data.
- Implemented transaction management, monthly budgets, search, filters, sorting, pagination, and support for **income and expense categories**.
- Created interactive charts for **income, expenses, savings, and 12-month trends** using MongoDB aggregation and Recharts.
- Added responsive design, dark mode, budget warnings, and **PDF and CSV report exports**.

ACHIEVEMENTS & CERTIFICATIONS

- **Solved 700+ DSA Problems (LeetCode, GeeksforGeeks, CodeChef)** — Demonstrated strong problem-solving skills and consistency across multiple coding platforms.
- **Nestlé (E-learning) – Resilience**, Mar 2026 — Workplace resilience and adaptability training. 
- **Oracle Dev Gym – Databases for Developers: Foundations (Oracle)**, Mar 2026 — SQL, relational databases, and schema design fundamentals. 

POSITIONS OF RESPONSIBILITY

- **Core Member, Cultural Committee – IIIT Vadodara** — Organized and coordinated multiple cultural events and festivals, ensuring smooth execution and increased student participation.
- **Secretary, MOD5 Dance Club – IIIT Vadodara** — Lead and managed end-to-end planning of dance events, handling team coordination, logistics, and execution.
